

ROADWORK NOTICE

TUES OCT 22nd 2024

8am – 5pm

The following railroad crossing will be closed from 8am until 5pm for BSNF to perform necessary maintenance. The railroad crew will be able to pause work and lay down boards for those who need to cross during this time but please be aware that this could take 5-10 minutes before you'd be able to cross.

- **Railroad crossing on Bagley Avenue by the Sewer Plant**
- **Railroad crossing on Willow Lane going to Packer Drive**

BNSF Railway will be putting some ties through, some surfacing work and gravel fill. They will be coming back again before winter to do asphalt work which will make the crossing smoother and easier for snow plows. Village of Bagley will send out another notice once informed of when the asphalt work will be done.

Please do your best to plan ahead and please be courteous to the railway crew.

Any questions or concerns can be directed to Travis with BNSF Railway at 608-642-3596
